reusability  
refill system  
arts and crafts  
end-user packaging  
extra-use of packaging  
concept  
cosmetics, beauty and toiletries  
flacon  
plastics  
minimal  
contemporary  
unusual structural association  
smooth

Sneezepack is the new solution to protect your handkerchief inside the purse or in the car. It's a fashionable accessory made from a shampoo bottle giving a second and long life for the plastic material of the packaging. It's also possible to hang it in the purse, easy to find out whenever you need it.
