

STUFF BOX

Properties list:

reusability
end-user packaging
range of products
new product
other non-food products
office and stationery
folding carton
cardboard and paper
ironic
contemporary
unusual structural association
identity by abstract shapes

This container was designed starting from the fact that sometimes we stash our stuff in a shoe box. Designed with integral ring binder, folders and sections for important papers, this "stuff box" has spaces for documents like passport, driving licence, identification cards, but also CDs, memory sticks, credit cards, foreign currency, keys, etc.
