

U' LUKVA

Properties list:

gift packaging
end-user packaging
single product
update
alcohols and spirits
labels and sleeves
box
bottle
transparent
glass and ceramics
identity by shape
identity by typography

U'Luvka Vodkas have pioneered the super-premium category, capitalizing on a revitalized cocktail culture. Aloof's design for U'Luvka reflects a rich mix of ancient and modern Poland, alchemical philosophy, and Arts and Crafts references. The type identity was sympathetically refined from one of the first recorded Polish typefaces. Discretely branded, the bespoke bottle's silhouette ensures U'Luvka is instantly recognizable.
